## OUR CORE VALUES

Values that we live by as a team are...

### COLLABORATION

We are down to earth, accessible, friendly people, building strong professional relationships with every one of our clients. We gain insight into client ideals and strive to exceed customer expectations on every job. Client love is a big one for us.

### COHESIVE WORKING

We recognise our differences (including skills and viewpoints) as strengths in our team. We listen and respect each other and work constructively in support of our goals.

### COMMUNICATION

We operate remotely from one another, with a preference for email or phone for day-to-day communications. We are honest and transparent within our team and with clients alike. We strive to meet with clients and team members face to face as regularly as possible.

### COMMITMENT

We strive to exceed customer expectations, we trust each other to get the job done and to a high standard, even when no-one else is watching.

### COURAGEOUS AND CONFIDENT

Not every day is easy. We strive to be comfortable with being uncomfortable, stepping out of our comfort zone often. We work confidently knowing we have the support of team members to overcome challenges. We admire each team member's bravery, grit, passion and persistence in getting their job done to an exceptional standard.

### COMEDY

We like to live life with a smile on our face.
